## ABOUT SOLLIS:

Sollis Health is the first and only medical membership that's on-demand 24/7, 365. We live up to the concierge promise: with just one call, our members experience unparalleled care and follow-up on their schedule and their terms.

Our members never wonder if it's a "real" emergency. They simply call Sollis for immediate access to ER-trained medical teams, on-site labs and imaging, expedited specialist appointments, and care navigation that's all under one roof. With unlimited 24/7 virtual and in-person support from locations in Manhattan, the Hamptons, Los Angeles, South Florida, and San Francisco, Sollis puts our members in first class by handling all medical issues—big or small—with expert concierge care anytime, anywhere.

### HOW WE WORK WITH INSURANCE:

Sollis is an out-of-network provider. As a courtesy, we will submit your claims to your insurance if you have out of network benefits. However, if you receive imaging (MRI, CT scan, ultrasound) in New York or Los Angeles, we can submit to your in-network insurance during business hours (Monday – Friday) for prior authorization.

\*In-network benefits may apply. Sollis is an out-of-network provider. However, we can submit claims on your behalf for reimbursement.
